92615 – Flip Cap to Round Conversion

- 1) Remove the existing cap
- 2) Position the large cork seal over the filler hole – two thicknesses of cork seal are supplied, use the seal that, when fitted, will be slightly higher all round than the petrol cap flange on the tank
- 3) Place the new filler neck onto the tank and locate the clip under the front lip of the tank
- 4) Insert the counter sunk screws in the rear holes.
- 5) Hold the neck level and tighten down all screws evenly
