Gearbox Open Bearing / Overhaul Kit (4-Speed): Part No. 90115

This kit contains the bearings, seals and gaskets and parts to overhaul all of the items prone to wear. This includes bushes, gear selector plungers, ratchets, springs etc.

Please refer to the appropriate Workshop Manual for full instruction on dismantling and rebuilding the gearbox.

The kit contains two types of gearbox sprocket seals:

For engine numbers **up to** 2B511911A (December 2001) use:

QUANTITY	PART NUMBER	DESCRIPTION
1	111086	FELT WASHER, DRIVE SPROCKET

For engine numbers **from** 2B511911A (January 2002) use:

QUANTITY	PART NUMBER	DESCRIPTION
1	145346	OIL SEAL FOR GEARBOX SPROCKET
1	145357	O RING FOR GEARBOX SPROCKET
