

Enfield 500cc EFI piston

Part Number: 90279 + oversizes

Bore Size: 84.05, 84.50, 85.00mm

Ring End Gap Clearances:

Top Ring: 0.25 – 0.45mm

2nd Ring: 0.35 – 0.55mm

Oil Ring: 0.3 – 0.7mm

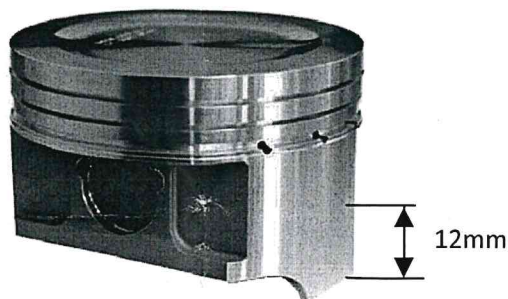

Piston Clearance

Measured at 20°C.

Piston to bore clearance

0.10mm to 0.11mm

(0.0039" to 0.0043")

To calculate the final cylinder bore size measure 90° to the gudgeon pin, 12mm from the base of the piston skirt as indicated on the piston and add the recommended bore clearance. A 'plateau' microinch (CLA) would ensure best piston and ring running clearance.
